Bored with your job as an Accountancy professional?

We might have the answer!

Intact are market leaders and provide an all in one ERP, Accounting and Business Management Software solution to all business sectors. Providing excellence to our customers revolves around ensuring we have a diverse team who not only understand core business processes but who also have a passion for systems and finding solutions to customer queries. *Does this sound like you?*

As part of our continued growth plan we are interested in connecting with passionate people who meet some or all of the following:

- Have a sound working knowledge of core accountancy business processes or have a background working with an ERP system either in a consultancy based role or in a business
- Excellent analytical thinking & an ability to fact find and solve problems
- Excellent communication skills
- Have a flair for understanding I.T. systems and have a business background.

The ideal candidate will have a 3rd level qualification in business, accounts or I.T. We have a unique culture at Intact where we nurture commitment and innovation. We are a team of professional and passionate people and we love to offer excellence. If you feel it's your calling, please get in touch with us by email to personnel@intactsoftware.com
